If you want to celebrate end year visiting French Riviera (Cannes, Montecarlo, Nice, Saint Tropez) or go skiing (many big ski stations at less than 100 km from Nice), be informed that you can park your star boat on road trailer in a secure area of the Nice harbor for few days after the regatta.

RÉGATE INTERNATIONALE DE STAR DE NICE

A legendary regatta in one of the most beautiful locations in Europe

The RÉGATE INTERNATIONALE DE STAR DE NICE (also known as Nice Christmas Regatta) is the most famous star winter regatta in Europe. An ISCIRA historical event, hosted by Club Nautique de Nice. A very nice sailing area with thermic winds early in the morning. A world famous regatta allowing to race between Olympic champions and amateurs to enjoy the good weather of the French Riviera. A regatta typical of the spirit of our class.

Dynamic marks by MC Marine concept

In order to improve the race course set up and to keep a high level of regatta we will use MC marine concept dynamic marks !

NO DEPTH LIMIT : No mooring necessary allowing you to deploy your race area to deep sea. Seabed configuration is no longer an issue neither.

NO IMPACT ON SEABED : Race course may be set up anywhere, even in areas where surface navigation is allowed, and anchoring is prohibited.

REACTIVITY & PRECISION : Lay perfect courses at the tip of a finger in matter of minutes. Rapid set up & effortless repositioning.

Club Nautique de Nice - so Nice !

The CNN welcomes star sailors and their relatives for many years in a typical Starclass spirit regatta with very nice social events, BBQs, Gala dinner. You will enjoy the Club Nautique de Nice and its amazing seaview terrace. Nice is also a fantastic venue and a lovely city. The 2nd most visited City in France after Paris.

See you soon!
